

Symbiosis Kindergarten, Nashik

.....Nurturing young minds

**MAGAZINE**

Every Indian is a different kind of individual.  
All together we make this Country a beautiful  
place to be.

**Symbiosis Kindergarten is glad to present the third issue of our Quarterly Magazine**

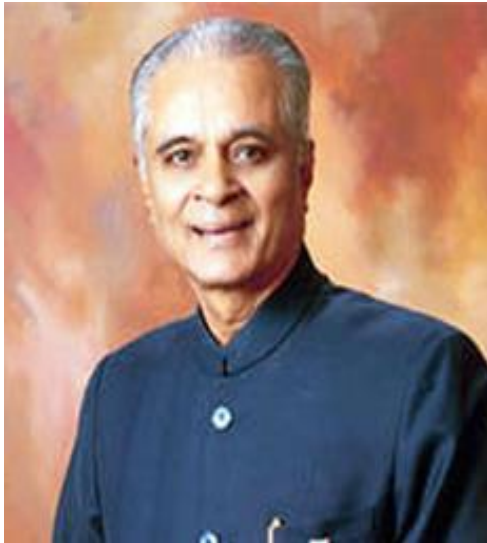

## **“Kaleidoscope Symbiosis Kindergarten”**

**Peep in the beautiful, innocent, creative marvel of Children’s world. This magazine is a conversion from our Glimpses due to the inspiration of Dr. Gargee Mitra Madam, Head, SSCD.**

### **Tips for Reading this magazine:**

- **Spend quality time reading for your Children.**
- **Read one or two pages at a time and slowly increase the number if possible (as you have 4 months to read and repeat till the next newsletter)**
- **Give lot of focus on picture reading.**
- **Try to read out and make the Child understand each and every picture and the write up printed in the magazine. It will help to a great extent.**
- **If possible take out a print and compile it into a book form as it will be easy for the Child and the mother to work together.**

# Poem- I Climbed and climbed ....

By Dr. A .P. J. Abdul Kalamji

I climbed and climbed,  
Where is the peak, my Lord?  
I ploughed and ploughed,  
Where is the knowledge treasure, my Lord?  
I sailed and sailed,  
Where is the island of peace my Lord?  
Almighty, bless my nation with vision and sweat  
resulting into happiness.

APJ Abdul Kalamji was a famous name known all over the world as a scientist .He was counted among the greatest scientist of the 21st century . The amazing story of  
the highly precious  
"Independence of India"

On the auspicious occasion of  
"Azadi ka Amrut Mahotsav"

Presented by-

**The universe is vast space, space, space all around. In the vast and mysterious universe there are many galaxies. These galaxies are group of stars and planets like cart wheel, pinwheel, tadpole, black eye galaxies named as per their appearance to the human eyes. Amongst these galaxies of universe there is the Milky way galaxy .**

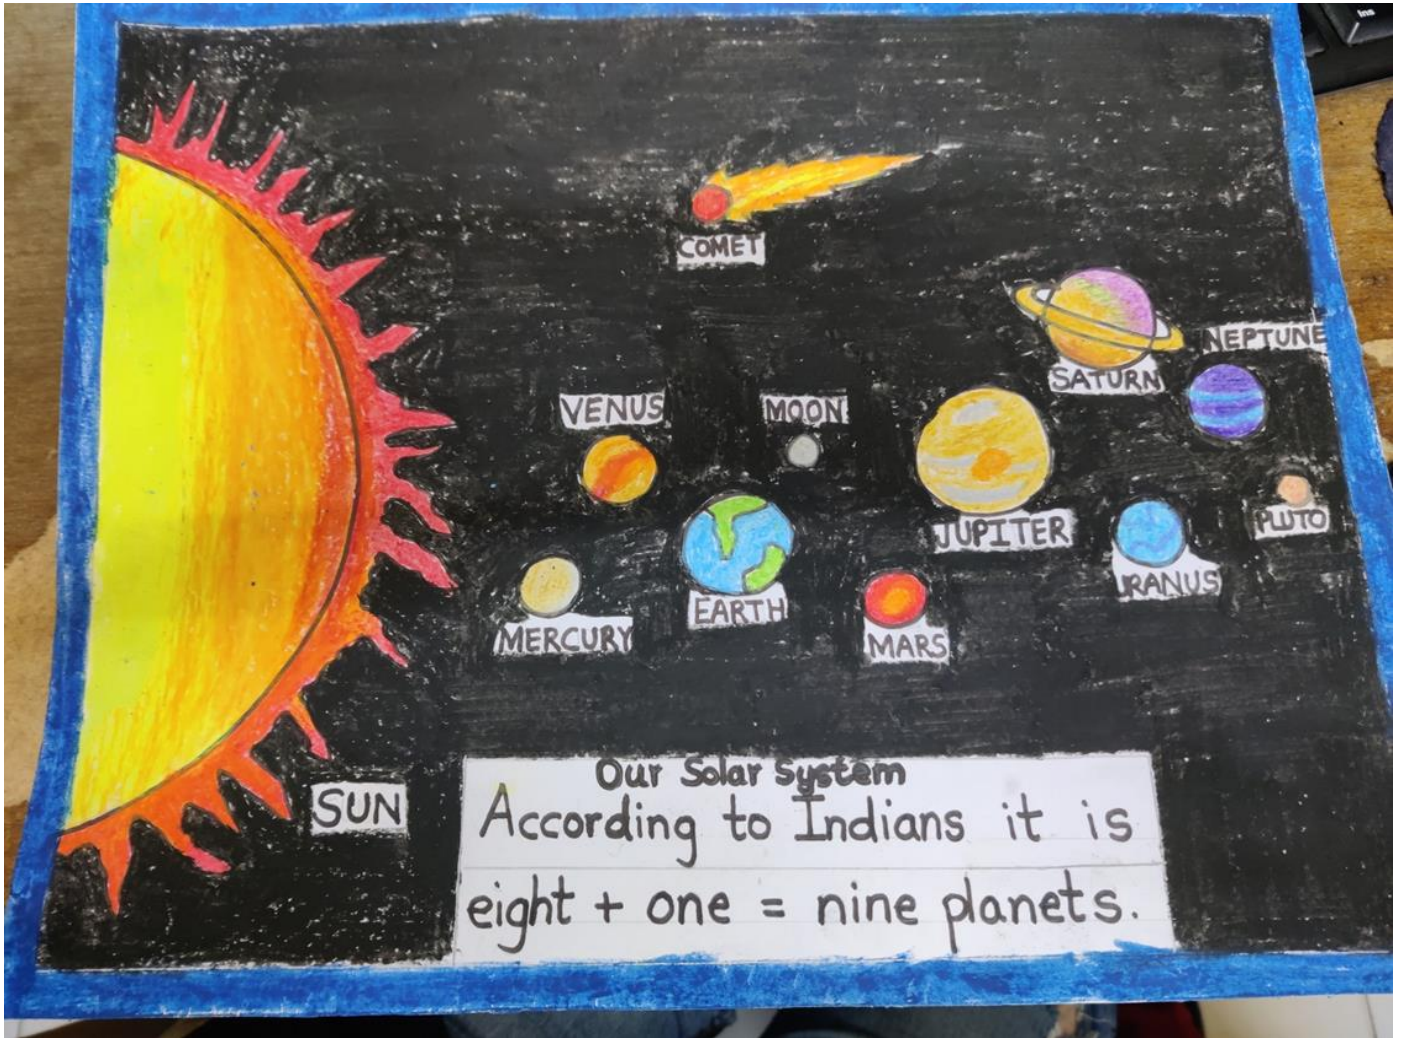

॥ वसुधैव कुटुम्बकम् ॥

**Milky way galaxy appears like milk spread all the way. Like all other galaxies, Milky way galaxy too, has many solar systems**

॥ वसुधैव कुटुम्बकम् ॥

**Solar systems are families of planets and its star/ stars. In this Milky Way galaxy is our solar system with the brightest star, the Sun, with it's family of planets.**

॥ वसुधैव कुटुम्बकम् ॥

**Amongst these planets is our precious mother Earth and it is the only planet known to humans that has the capacity yield life.**

॥ वसुधैव कुटुम्बकम् ॥

Seven continents and five oceans.  
Asian continent and our country India.

**On this mother Earth there are seven continents and five oceans.**

**Amidst these seven continents, the largest continent is Asia and in this Asian continent lies the beautiful country with amazing natural features, the country called India.**

॥ वसुधैव कुटुम्बकम् ॥

**India has a rich past with wise, knowledgeable people who had linguistic richness, mathematical accuracy, astronomical, meditative health and fitness awareness, rich cultured, social and creative ways of life where they nurtured and revered nature. They had variety of proficient skills, handmade objects, creative work and art, variety of professions. They produced some of the best equipments, artifacts, and objects, materials in the world.**

**And to this country came the Britishers as business people in the year 1600 with their East India Company and then slowly captured India and started dominating Indian people. They also started interfering in the way of life their thinking their social and mental wellbeing. Britishers started making Indians slaves in their own homeland. Britishers became cruel with Indians, they started looting India with its rich handmade, precious, valuable creation and stacking it on ships to take it to England.**

विसुधिव कुटुम्बकम् ॥

**But slowly, since 1857, Indians became aware of this injustice of Britishers and started revolting against Britishers for ill-treating Indians in their own home. Many great freedom fighters began to raise their voice bravely against Britishers. It became a movement of its own kind, almost every place, every house of India joined the freedom struggle in their own way. They contributed in big and small way for the freedom of our country. Many leaders and common people came to roads, fought against British and even willingly sacrificed their lives for the Mother Land thus all of them became Freedom Fighters.**

**A huge price was paid by these freedom fighters and on 15th August 1947 India became Independent as British people had to respond to the unrest of Indians for their Mother Land's freedom. Britishers left India and went back to Great Britain.**

**So it is our duty as Indians to respect India's Independence, value the sacrifices of all the freedom fighters and take India to new heights of success and glory.**

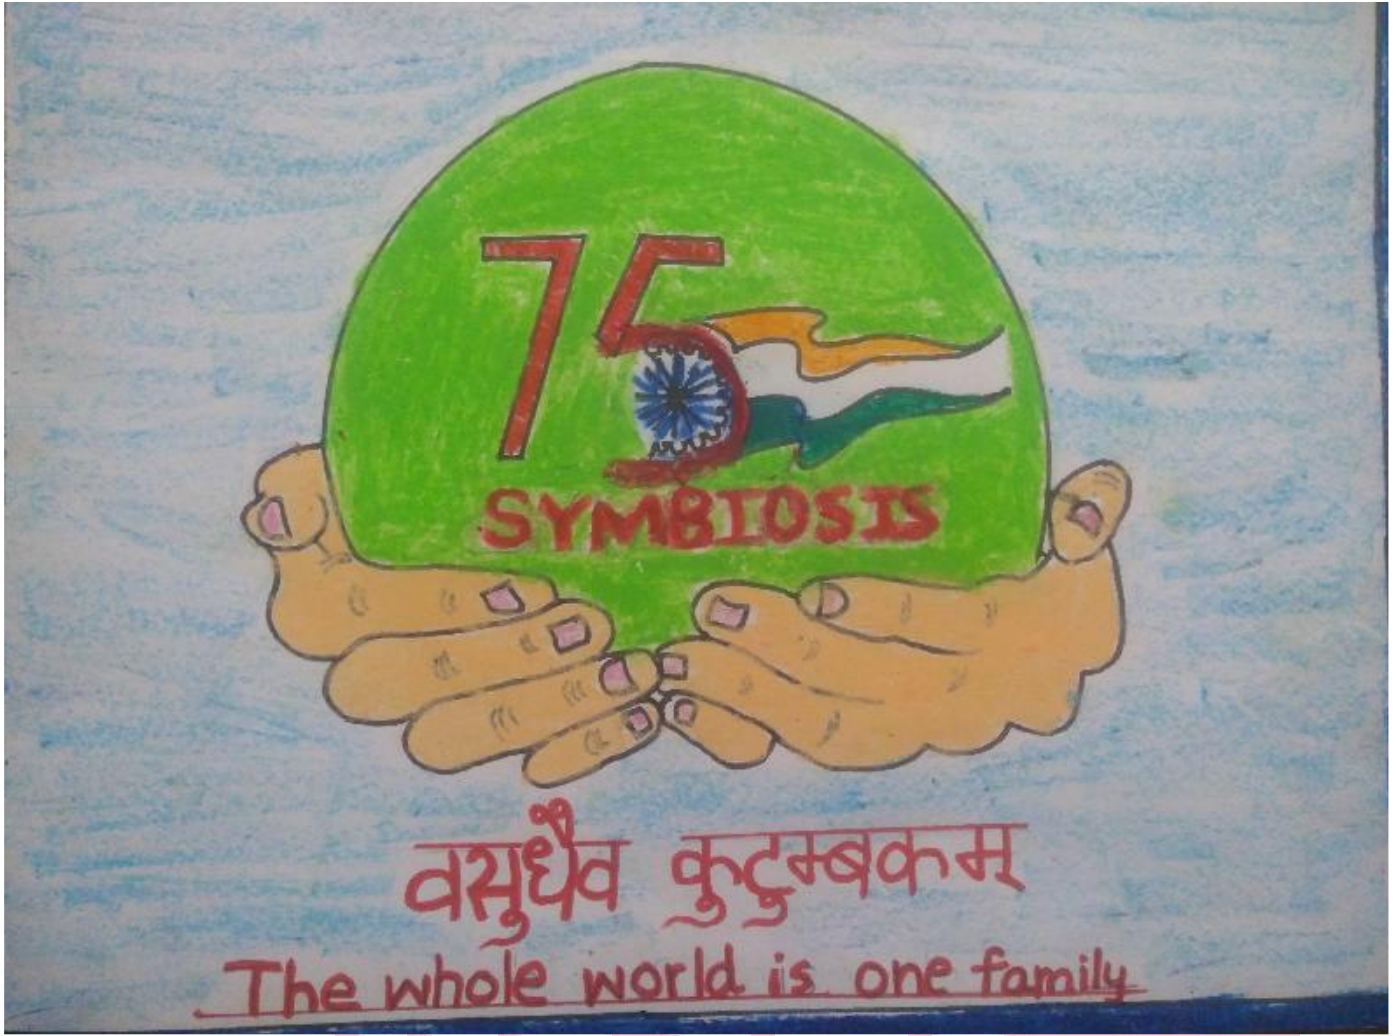

॥ वसुधैव कुटुम्बकम् ॥

**So on this completion of 75 years of India's Independence that is as a "Azadi ka Amrut Mahotsav". Let's take a vow to follow all the rules and keep India clean and green and promote the rich wisdom of ancient India like-**

**"Symbiosis- Vasudhaiva Kutumbakam- The world is one family."**

**India is proudly celebrating 75 years of Independence-**

**Azadi ka Amrut Mahotsav with slow, steady and strong steps in of progress in each and every sphere of development.**

॥ वसुधैव कुटुम्बकम् ॥

**Celebrating 50 Years of Excellence**

## Poem in Hindi for kids

### रक्षाबंधन

रक्षाबंधन रक्षाबंधन रक्षाबंधन है, प्यार का खुशी का त्योहार है,  
भाई बहन का प्यार प्यार है, बहन ने भाई के हात पर राखी बांधी है,  
रक्षा बंधन है रक्षा बंधन है रक्षा बंधन है.....  
नाचती गाती खुशी खुशी से आई है बहने, रंग बिरंगी राखी और मिठाई लाई है,  
रक्षाबंधन सुंदर बंधन प्यार का बंधन है, पूनम है पूनम है आज रक्षा बंधन है,  
रक्षा बंधन है रक्षा बंधन है रक्षा बंधन है.....

## Down the memory lane....

This feature of our magazine is dedicated to all our team of our academically strong management, students, their parents and the staff.

Together we have weaved a vibrant fabric with each enriching learning - teaching moment.

Through this feature we will try to share some of our simple yet significant learning experiences with our wonderful students and make you have a peep at the golden memories from the closer perspective to enjoy the kaleidoscopic view of their innocent, beautiful and brilliant world. This kind of records can be maintained only if the Teachers are vigilant, alert and enthusiastic with deep passion and knowledge of early Childhood.

Experience 2 at Symbiosis Kindergarten

Academic Year- 2019- 2020

Day- Friday

Date-13-10-2022

Class - Sr. K.G. C

The time was of peak pandemic the school was running online like all other schools. In one of our Sr. K.G class this incident happened. When we were taking up the Sanskrit prayer `Karagre vaste Lakshmi` which is an early morning prayer to offer reverence to our hands which help us to complete the daily tasks. We must take darshan of our hands every morning.

Then we asked the children `what else should we pray to` ? Many children came out with variety of answers like we should pray to our sun, nature, trees, parents and grandparents.

But one of the children said that we should pray to our `Mother Earth and our head. It made us think.

Yes, why not pray to our head where lies the brain. And the brain gives commands to our hands rather to our entire body to work and our bodies obeys it. So why not pray to our brain. What a thought by six years old child of Sr. K.G !

Our ancient ancestors were very wise so is their any prayer for hour head/ brain to work better in Sanskrit that is already existing?

We must find out? And if it is not there shouldn't we create one? Surely a loud applause for Tanishk Gharte of Sr K.G-`C` for this wisest applause.

**India is the land of festivals, celebrations and coming together of people**

**Shravan month -It is an auspicious month celebrated in India, is lot of spiritual activities conducted throughout the country.**

**Muharram- It is marked the remembrance of Hazrat Imam Hussain.**

**Pateti - Persians are the descendant of Persian Zoroastrians. Zoroastrians are the followers of Zoroastrianism a religion founded by prophet (priest) Zoroaster in Iran about 3500 years ago. Persians emigrated to India to avoid torches for the religious reasons by local people of that country. India was the only country which welcomed them and accepted them. India since ancient times believes in Symbiosis - "Vasudhaiva Kutumbakum "world is one family.**

॥ वसुधैव कुटुम्बकम् ॥

**Raksha Bandhan-It is a bonding between brothers and sisters. Sisters tie a Rakhi ,the silicon thread. On the wrist of their brothers. It is a tie of love , affection and protection .**
