

SYMBI STARS

Mini KG Newsletter -Issue 1 September 2023

Dear Parents,

Welcome to another year of fun and learning at Symbi Stars!!

The National Education Policy 2020 has brought to light the remarkable ways through which children learn, namely- choice, wonder and joy.

Our teachers thus engage the children keeping these important guidelines in mind!

We are sharing a few glimpses of these moments with you all in our 1st issue of the SYMBI STARS Newsletter- 2023-24

Thank you

Rashmi Kanakia

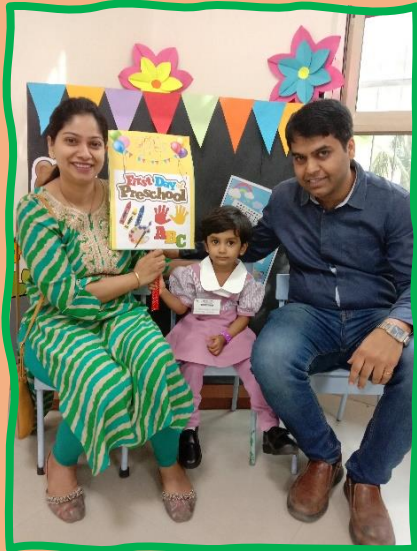

Headmistress

Welcome to SYMBI STARS
first day of Mini KG batch 2023-24

Settling time is a very important time. At Symbi Stars, parents and teachers make this process smooth and easy for the children.

THE RED DAY celebration was a wonderful learning activity which helped children to sort and classify paper bits based on colours, thereby reinforcing cognitive skills.

BLUE DAY was an amazing learning experience. Blue is the colour of the sky and sea. Children enjoyed playing with blue coloured water, collecting blue beads and colouring the clouds blue.

What fun it was to celebrate the colour of nature, and the pea pod craft was really enjoyable!

My favourite toy- Show and tell provides an opportunity to the children to express themselves and boosts their confidence.

ART AND CRAFT

Art is a place for children to trust in their ideas and explore what is possible.

Cooking Experience

Ashadhi Ekadashi

Happy
INDEPENDENCE
Day

GRANDPARENTS DAY CELEBRATION

**IT'S
GAME
TIME!**

Nach Baliye

**Mai Khiladi
tu anadi**

Getting their favourite tattoo and making a beautiful bag for Grandpa and Grandma was super exciting for the little ones. Painting a bag for the grandparents was a token of love from their grandchildren.

Exhibition of musical instruments

SUREEJ SAFAR
